

Smart Business Security Camera

100% Wire-Free, Easy Installation, Seamless Security

Mind your practice from anywhere

Arlo is a smart, modern take on video security for your practice. Arlo provides a complete system of HD cameras, secure cloud storage and intuitive mobile apps to deliver a seamless experience for monitoring what matters most. Recordings are securely sent to the cloud for storage and easy access from your mobile device.

Every angle covered

From the waiting room to the exam room you'll have eyes everywhere, even when you aren't.

Keep tabs on employees

Most people can be trusted. But Arlo never lies and lets you know if anyone who can't be is working for you.

Safety first

Ensure a safe environment for customers and employees.

Dark spaces and night places

From the dumpster in the alley to your safe in the office, night vision on Arlo cameras makes monitoring difficult spots a snap.

The best night watchman

Use the Arlo app to check on things anytime after-hours without leaving the comfort of your couch.

End false claim suits

Professional associations recommend cameras, so that you'll have a record of what happened and when.

Why Choose Arlo?

Arlo understands the threats that your practice faces. You may not have a huge IT team and a big budget, but that doesn't mean you can't protect your livelihood like you mean it. Arlo makes it easy and affordable to keep your business secured around the clock and puts an end to false claims.

- Easy to install, small equipment size, no back room to maintain.
- Arlo Smart analytics identify people, cars, animals and swaying trees, allowing Arlo cameras to record and alert only those events that matter.
- Easily move cameras to new locations based on your needs, with our innovative mounts.
- No DVRs or tapes to maintain or risk damaging. Recordings are instantly stored in the cloud, so you have the evidence you need.
- More affordable than traditional security systems.
